

*Interagency Council for Applied  
Homeland Security Technology*

# **Counter-IED Symposium Update**

7 October 2009

# Conference Purpose

*Counter IED Symposium and Exhibition  
Gaylord National Harbor  
Washington, DC  
1 – 3 December 2009*

**Improvised Explosive Devices (IEDs) continue to be used by terrorists in numerous attacks and constitute a weapon of strategic influence and a formidable threat to world security. This symposium and exposition will provide a forum for representatives from federal, state, and local governments, working with the private sector – industry, academia, and laboratories – to address key issues and critical mission needs in support of IED defeat and prevention. This includes advancing research and technology to prevent IEDs including human factors and social analysis, as well as collaboration ranging from protection of critical infrastructure including explosives at airports and other public venues, to sharing information with international, coalition, federal, state, and local partners.**

## Symposium Focus

**The symposium, which will also include a technology exhibition and demonstrations, will focus on:**

- **Analysis of the International Threat**
- **Research and Technology**
- **C-IED Training**
- **First Responders**
- **Forensics**
- **Human Factors and Social Analysis**

# Symposium Tracks

## **1. Threat Environments: Unique Nature of Domestic Response and Military Response**

**Co-Chairs from JIEDDO, DHS/Office for Bombing Prevention, DOJ, HSPD-19 Joint Program Office, ATF**

- Constitutional Issues**
- Policy Issues**
- EO 12333 Implications**
- HSPD-19 Implications**
- Limitations/Benefits in leveraging technology from the military to the domestic side**
- Leveraging different investments**

# Symposium Tracks

## 2. Threat Analysis: Research and Technology

**Co-Chairs: CTTSO/TSWG; DHS/S&T**

- **Law Enforcement Prediction Techniques, including Predictive Policing**
- **Social and Behavioral Science Research to support Threat Analysis**
- **Predictive Tools and Technologies**
- **Forensics**

# Symposium Tracks

## 3. First Responders

**Co-Chairs: DOJ/NIJ; DHS/S&T (First Responder Programs); DCMPD; Also need participation by National Bomb Squad Commanders Advisory Board (NBSCAB) and possibly National Tactical Officers Association (NTOA)**

- **Tools they have**
- **Tools they need**
- **Classification Issues/Security Clearances**
- **C-IED IPT**
- **First Responder IPT (focused on C-IED issues)**
- **Requirements**

# Symposium Tracks

## 4. Information Sharing

**Co-Chairs: NRO; ODNI; DOJ/NIJ; BJA; DHS Office of Policy – Private Sector Office**

- **How IS works**
- **Identification of all relationships – what mechanisms work?**
- **How all involved authorities share information (Fed to Fed – including military; Fed to Private Sector; Fed with State/Local; State/Local with Private Sector)**
- **Technology for IS**
- **HSPD-19**
