Security**

UNCLASSIFIED

Current Projects

- **Sponsor the ICAHST Technology Pilot (being pursued with LAPD using commercial technology to demonstrate the link between crime and terrorism) including an interagency effort to apply for a FY-11 MINTWG grant with NRO and CTTSO**
- **Support CTTSO/TSWG led activity to explore tools for S/L fusion centers**
- **Evaluate / coordinate DHS/CBP led activity to improve collaboration/communication across DHS Intel organizations**
- **Support and coordinate IACP led activity to pilot or otherwise assist in the development a nationwide broadband network to support fusion centers / first responders and the development of a specific set of user requirements, especially for handheld devices**
- **Identify and support Nationwide Suspicious Activity Reporting (SAR) collaboration initiatives**

Current Projects

- **Identify State and major urban area Fusion Center collaboration activities**
- **Identify ICAHST Geospatial support projects in coordination with USGIF**
- **Continue DHS/OBP and DOE led planning effort for a 3rd Annual C-IED Symposium**
- **Co-sponsor 2nd Annual ICAHST/NRO HS/LE Conference scheduled for December 2010**
- **Maintain ICAHST Research Agenda**
- **Continue Technology Exploration Activities**
- **Coordinate/participate with various related Intel Community technology forums (Examples: NCTC, NRO TEWG)**
- **Evaluate CIA led activity to explore possibility of training collaboration**
- **Assess various collaboration and website tools for ICAHST use**
- **Maintain ICAHST Website**
